Light Booth, also known as Color Light Box, Color assessment cabinet and color matching cabinet is the best tool for materials' color assessment by providing standard, consistent and reliable observation conditions.

Qualitest Light Booth and Color assessment cabinet range can provide different light sources such as D65, TL84, CWF, UV and F and the combined light with different light source and these can reduce the problems which are cause by the natural light.

New versions of our Light Booth also have optional LED Lights. [Light Booth](#) / Color matching cabinet is widely used in many industries such as textiles, printing, ink, pigment, graphic, packaging, clothing, automotive, toy, cosmetic, food and others.

Light Booth Features

- The programmable system shows using time of each light source individually.
- Automatic switch of light source.
- Quick response removes the warm-up step for Light Booths.
- Lower energy consumption with higher luminous efficiency.
